Dymanic historical map of Europe 1900-2014

https://spatium.bg/load.html?map=Europe_layer_group

This map shows all the territoiral changes across Europe from 1900 to present days. Each change on the map is explained with a short text at the right side of the map.

Drag the timeline at the bottom of the page and you will see what had happened accross Europe.

The map is only in Bulgarian for now, but if you use Google Chrome browser, you can translate it in English or other language.

Enjoy it!
