Hi, I'm **Tommy**, and this is my little garden. I really like bugs, especially bees. I have bees, ants, and butterflies in my garden. When I have free time, I build homes for bees and plant flowers so the bugs have food. I find it fun to watch the bugs flying around. I don't like cutting the grass; it feels like too much work. I'd rather make a nice place for my bug buddies.

Hi, I'm **Anna** and this is my beautiful garden. It has a lot of flowers and plants that are absolutely beautiful. I really like spending time there and observing nature. I've got many flowers: roses, tulips, daisies and daffodils. I use special gloves when I want to cut the roses, because I don't want to get hurt. I always water the plants in the evening and I find it really relaxing. There's only one thing I hate: ants. They're so annoying! I know that we need ants, but I can't stand them. In summer I often have garden parties in my garden. I invite my family and friends and we talk, have a barbecue and dance.

Hi, I'm **Emily**, and I have a big garden. I'm a bit lazy when it comes to garden work. I enjoy spending time there, but I don't like doing the chores. I prefer sitting on the patio and reading books. I find bugs annoying, especially bees. I'm scared of bees because I'm allergic to them.
